Pravda 22 June 1951

According to the announcement of the New York New York, 21 June (TASS). radio, US Resident Truman has created a special directorate of "psychological strategy", the task of which is to coordinate the struggle against communist ideology. As Director of this directorate has been designated the Director of the Central Intelligence Agency, Lt. Gen. Bedell Smith.

Comment: 25X1A

θ.

In actuality,

is head of the new psychological warfare board. Either the TASS people in New York cannot read English, or maybe the commies are trying to expand the authority of CIA.

25X1A

25X1A

is the head of Actually the Board.
